Here is some fun fact about Indian national bird Peacock.

1. **What does peacocks eat?** – Peacocks are omnivorous birds they mainly eat plants, fruits, seeds, flowers petals, ants, ticks, insects, bread, grain and small reptiles.
2. **What is the actual color of peacock and its feathers?** - Even though peacock appears bright in color, it's not as bright as it looks. In fact, peacocks are brown in color and their color often changes due to the reflection of light, which is a secret of their exquisitely colorful feathers. Every section of peacock's feather change color when the light strikes from different angels.
3. **Can peacocks fly?** - Yes, they can fly to limited distance as they are heavy birds. But they prefer to stay on the ground for most of the time.
4. **How does a peacock sound?** - Peacocks sound(call) is not a pleasant experience, they are very loud and makes screeching sounds and frequency of their call increases during rainy season. A Female peacock can make 11 different sounds.
5. **Do peacocks run?** - Yes, peacocks are fast runners. They can run at an excellent speed of 16 kilometers per hour and fly pretty fast at a speed of 16.09 kilometers per hour.
6. **Can peacocks swim?** - No, peacocks cannot swim, they don't have webbed feet, which is essential for birds to swim actively and their feathers provide no help in swimming.

Next time we will tell you more about the Tigers.
